THE FINAL ISSUE OF TA-NEHISI COATES' LANDMARK RUN!

It's the end of an era for the Black Panther as renowned writer Ta-Nehisi Coates concludes his Wakandan epic! Over five years, Coates has taken the Black Panther to hell and back and expanded Wakanda into the distant stars. Now, in his final issue, he brings T'Challa full circle, back to the home he left behind…and the crown he has never fully accepted. This is the story of a king who sought to be a hero, a hero who was reduced to a slave, a slave who advanced into legend…and the man who has struggled to hold up an empire in his bare hands. The journey will conclude, but the legend remains. Don't miss the close of a historic epoch in comic history, including an epilogue drawn by Brian Stelfreeze!

Another Earth's mightiest heroes! On a world much like our own, that planet's greatest superhuman champions are confronted by a society in ruins. Faced with the possibility of a new dark age for mankind, they choose the only course available to them — and take control of the world's governments themselves! Now they have one year in which to completely restructure human society. Can their plan succeed? Will a renegade member bring about their downfall? And what will happen when this Earth's mightiest heroes find themselves becoming its all-powerful, totalitarian overlords instead? Before Watchmen, before MARVELS, before Kingdom Come — there was Squadron Supreme, a deconstructionist parable of the super hero paradigm in a real-world setting considered by many to be the late Mark Gruenwald's finest work.
